

TENT CATALOGUE

Living Without Walls

“*Living Without Walls is living outside the box in elegant simplicity, in harmony with nature, and with intention. It pays tribute to Mother Nature and serves as a wake up call to her fragility, created by human ignorance and personal gain.*”

Anneke Van Waesberghe,
The Art of Living Without Walls: Haute Couture Architecture

ESCAPE
NOMADE

LUXURY TENTED VILLAS

Words from The Founder

“As the founder of this venture, I have always been passionate about the beauty of our natural world. I’ve also been a believer in luxury being more than just opulence; it’s about experiencing the world in a way that leaves a positive impact on it. With that in mind, we embarked on a journey to design a Tent that combines elegance, comfort, and sustainability like never before through the Haute Couture architecture concept.”

Anneke Van Waesberghe
Founder of Escape Nomade

OUR PRESENCE

ESCAPE NOMADE is continually introducing a redefined way of luxury and nature integrated living. *'Living Without Walls'*, the unparalleled living concept that fosters eco consciousness, luxurious comfort, and flexible productivity seamlessly together. Our Luxury Tented Villas are present in various types of projects around the world as private residences, luxury getaway resorts, exclusive spas, soothing yoga shalas, back-in-time restaurants, eco-conscious schools, and more.

Introduction

Escape Nomade's Luxury Tented Villas

DESIGNER AND MANUFACTURER

SPECIFICATIONS

- Semi-permanent and heavy duty, built on a dense metal framework and a durable eco-friendly base.
- Sizes range from 2.5 m x 2.5 m to 10 m x 15 m, based on a 2.5 meter grid.
- Allowed for restricted locations where permanent buildings are not permitted.
- Withstand storm-prone locations with wind speed up to 170+ km/hr with some protocols applied.

APPLICATION

- Can be used for many purposes: private residences, luxury getaway resorts, exclusive spas, soothing yoga shalas, back-in-time restaurants, eco-conscious schools, and more.
- Suitable for all landscape conditions such as beachfront, riverfront, jungles, mountain, urban, desert, snow, storm-prone, and humid.

LIFESPAN & TIMELINE

- 25+ year* lifespan for the replaceable and modular galvanized steel structure.
- 6-12+ year* lifespan for replaceable and modular parts (such as roofs, walls, doors).
- Easy to clean and maintain because of the self-cleaning properties of the roof and wall panels, and an ability to replace modular parts of the Tents.
- Within 6** month lead time from design to installation.

***Subject to microclimate and maintenance**

****Subject to client's order volume**

OUR SERVICES

CONSULTATION

A complimentary initial consultation is provided to assist in making the best choices for our Tents and interiors.

DESIGN

A given complimentary initial design of the exterior and interior of the Tents or an on-demand comprehensive design of your whole project is available at your convenience.

MANUFACTURE

All Tent parts and furniture are manufactured in our factories in Banyuwangi, Indonesia.

INSTALLATION

Our team of experts is ready to ensure the correct and safe installation procedure at any site around the world.

MAINTENANCE

Our professional team is available to provide maintenance support on site or online at your convenience.

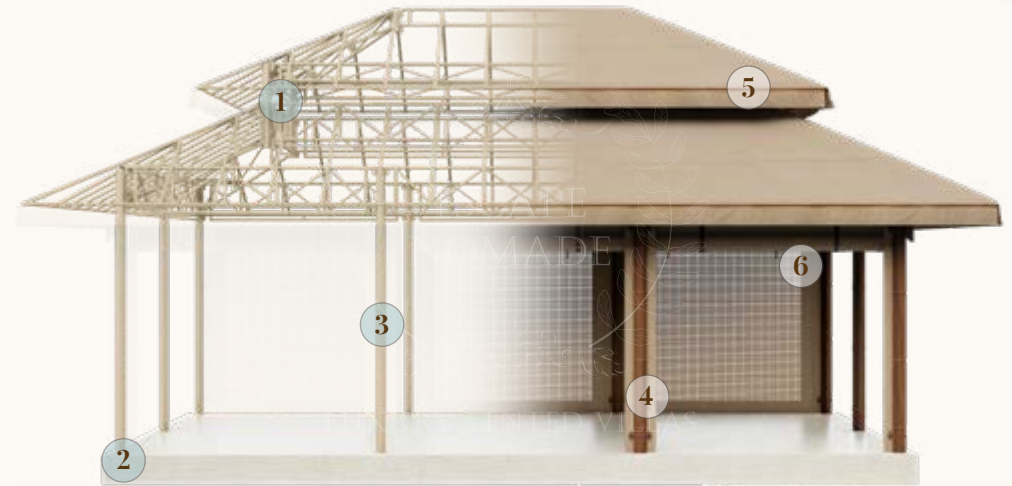

STRUCTURE & ACCESSORIES

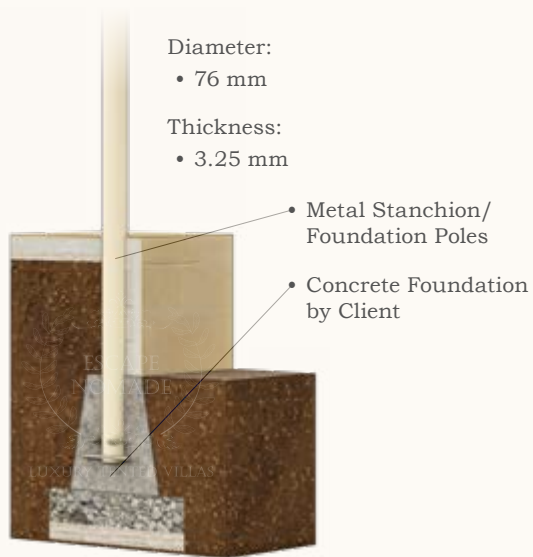

1. KNOCKDOWN METAL FRAME

- Galvanized Steel Structure Outside diameter range 3.2 mm to 8.9 mm, with wall thickness range 2 mm to 3.6 mm.
- Wind Resistance upto 170+ km/h.*

2. METAL FOUNDATION

3. POLE

- Galvanized Steel Poles.

4. ACCESSORIES

- a. Fabric Pole Cover
- b. Bamboo Pole Cladding
- c. Synthetic Leather Belt
- d. Wooden Canopy Stick

* In accordance with our protocols.

5. FOUR LAYERED ROOF

a. Exterior Fabric, Weatherproof, Fire Resistant, “Dickson”

- Color Fastness UV: Class 8 ISO 105 B02 Standard.
- Warranty: 5 years limited, provided by the manufacturer.
- Finish: Waterproof, UV-resistant acrylic coating exposed side, self-cleaning, and water-resistant throughout.

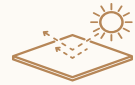

b. Waterproof Layer, Flame Retardant, “Terpaulin”

- PVC Tarpaulin: 410 gram/m² weight.
- Temperature Resistance -30° to 70 °C.
- Flammability NFPA701.

c. Insulation, Flame Retardant, Soundproof

- Crosslinked Polyolefin Foam with laminated pure aluminium foil 2 - 10 mm thickness, high corrosion resistance.
- Resistance to Fungi: ASTM G21 Zero growth.
- Fire Rating BS 476 Part 6 & 7 - Class 0.
- Total R Value: 2.9 m KW.

d. “IFR” Ceiling Fabric, Flame Retardant.

- Inherently FR Polyester offwhite – 185 grams.
- Flammability NFPA701.

6. OUR SIGNATURE WALL PANELS

You can select our Signature Wall Panels, Teak Wood Walls, Engineered Hard Wood Walls, or Glass Walls from us.

a. Exterior Fabric – Weatherproof - Fire Resistant (Default fabric for single layered wall panels without insulation)- “Recasens”

- Composition: 100% solution dyed acrylic fibre.
- Color Fastness: Class 8 UNE EN ISO 105 B02.
- Warranty: 5 years limited, provided by the manufacturer.
- Finish: Special finish “infinity” for awning, anti-stain, rot-proof, and water resistant.

b. Insulation – Fire Resistant

- Soundproof: Thickness 2 mm. (4 mm is available with an extra charge)

c. Inside/Interior Fabric – Flame Retardant (Default - Option 1, no extra charges) - “FPTC”

- Composition filling: Polyester.
- Color fading level: Gr 6 - ISO 105 B04.
- Flame Retardant Rating M2 (BS 7837 - 1996).

HOW TO GET YOUR TENT

Contact Us

1.

Contact our sales team to discuss your project details and requirements.

Get an Initial Design & Pricing

2.

Allow us to design your Tent order inside out and give exact quotation within 2 weeks.*
(The Initial complimentary design)

Secure an Order

3.

Make a deposit payment of 30-50%* to start the production.

Receive Shipment

4.

After the 2-4 month production* and at the final payment completion, your order will be delivered right to your port or site.

Install our Tents

5.

Ranging from a few days to 1.5 months**, your project will be completely installed and ready to operate.

Enjoy and maintain your Tents

6.

Enjoy the beauty and functionality of our Tents for a very long time with our provided cleaning & maintenance kit, along with our instructions.

* **Depending on the volume of your order.**

** **Depending on the number of Tents, the complexity of your land, the readiness of the foundation.**
